Peak Performance Nutrients strives to provide the very best in feed supplements and health products for horses of all disciplines. Since 1997, these products have been developed based on the belief that horses should be treated like elite athletes. Elite athletes do not need added sugar to slow them down or fillers to interfere with nutrient absorption. They do not need feed grade ingredients with higher levels of heavy metals or carrier ingredients. Instead, your elite equine athlete needs sugar and filler free supplements made with food grade ingredients to ensure peak performance and health.

Peak Performance Nutrients provides a sugar free alternative that comes in pastes and powders.

J.M. Saddler, Inc.

Products for Leather, Outdoor Equipment, and Animal Care

J. M. Saddler, Inc. was founded in October of 1986.

The name was formed from the first initials of the names of the first two partners, "J" and "M", who started the company, and "Saddler", which came from the name the U.S. Cavalry designated those persons who made and repaired the saddles, bridles, harnesses and other equipment for the horses. J.M.

Saddler, Inc. currently manufacturer's eight different product lines, consisting of more than 20 items in sizes tailored to various needs. Our products are distributed world-wide and to six major industries, e.g. equestrian and pet, luggage and furniture markets, shoe repair and automotive aftermarket.

J.M Saddler, Inc. provides 3 full product lines for you and equine: **Old MacDonald's**, **Blue Stallion**, and **Saddlers**. Saddler's focus is leather cleaning and restoration; **Blue Stallion** has everything from equine shampoo to garlic powder; and **Old MacDonald's** is centered on farm life.

From a single product, the original **SOURCE** Micronutrients, first sold in 1975 as a horse product, **SOURCE, INC.**'s seaweed-based micronutrient supplements are now marketed worldwide and include products specifically formulated for horses, dogs and people.

Legendary support to thrive! Powder or pellets, **SOURCE** provides Hoof, Senior, and Weight supplements.

SUCCEED®

PROVIDE + PRESERVE + PROTECT

The Health Guardian's global mission is to provide individuals everywhere with the very best in cardiovascular health by providing an alternative approach to the current medical healthcare system, which is failing even with the most advanced surgical procedures and high cost pharmaceutical drugs.

The Ultimate Health Promoting Catalyst from Nature

Product Description

AstraGin™ is the first and only natural food ingredient that has shown in cell, animal, and human studies to significantly improve the absorption of many essential life supporting and health promoting nutrients, such as amino acids, glucose, and vitamins, into human cells. By allowing a greater amount of these nutrients to pass from the blood stream into the cells, AstraGin™ provides for truly improved bioavailability and hence improvement in overall health, fitness, energy, endurance, sense of well being, blood sugar balance, and lean body mass. AstraGin™ is the perfect food and nutraceutical ingredient to be included in human and pet foods, and dietary supplements.

AstraGin™ is a proprietary, all natural plant based formulation derived from highly purified Panax notoginseng and Astragalus membranaceus using a pharmaceutical grade extraction and processing technology. AstraGin™ increases chemicals in the human body called "transporter" and "mRNA". These chemicals determine how much or less specific nutrients are absorbed into the intestinal cells and thus are available to support and promote our health and well being.

Advantages of AstraGin™

- Increase amino acid absorption by 62%*
- Increase vitamin absorption by 50%
- Increase glucose absorption by 57%
- Increase ATP production by 18%
