CHOICE of CHAMPIONS INTERNATIONAL®

For over twelve years, we've been thoughtfully and passionately building the CHOICE OF CHAMPIONS brand. Our grassroots efforts with our flagship products **SUPER JOINT SOLUTION** and **U SHIELD** have earned us the support of world-class riders in every discipline. Every day horsemen trust us to help keep their horses healthy and happy.

CHOICE OF CHAMPIONS products have been used at the Olympic Games, World Equestrian Games, Kentucky Three Day Event, AQHA World Show, Pan American Games, USEF shows, National Reined Cow Horse Association events, International Hunter Derbies and in leading Thoroughbred racing stables.

SUPER JOINT SOLUTION

We believe this is the most comprehensive and beneficial joint solution on the market.

U SHIELD

Stomach upset may be the most overlooked challenge horses face today. At just \$1 per day, this easy-to-use product is changing horses lives.

LUNG AID

Supports lung health and maximizes the immune system. A high-performance favorite.

TRUE SWEAT

Supports the metabolic needs of horses that don't sweat.

EASY DOES IT

Prevents horses from burning unnecessary energy. Ideal for the anxious or worried horse. Works great for weaning foals.

SUPERDERM SOLUTION

An all-natural, easy to use product that solves a variety of skin concerns.

Each horse's best interest is at the heart of what we do. We listen closely to owners and riders to find solutions to help horses flourish.

This year, we've taken our dedication to the next level with acceptance in NASC (National Animal Supplement Council). Choice of Champions has completed the required independent facility audit, proven compliance with NASC's strict policies and standards, and we now proudly display the NASC Quality Seal on our products.

Our commitment will continue with each retailer, catalog and distributor. In addition, we will continue to support the brand with national advertising, social media promotion, and ongoing sponsorship of events around the country.

At CHOICE OF CHAMPIONS, we are passionate, lifelong horsemen. Introduce your customers to products that work from a brand you can count on.
