

## Product Specification

# SynOsteon™

### 1. Purpose

SynOsteon™ promotes healthy bone metabolism, bone development in training horses, healthy bone remodeling, and improved fracture repair. It is designed for horses in training. This product is recommended for young, unfit horses in early training.

### 2. Feeding Instructions/Product Description

Administer one 10 g scoop, mixed with feed, daily during periods of bone development or fracture healing. SynOsteon™ is a brown powder.

### 3. Caution

KEEP OUT OF REACH OF CHILDREN. There are no known interactions or contraindications for this product. No adverse effects have been reported. In the case of allergic reaction to this product, discontinue use immediately. SynOsteon™ is a dietary supplement for use in horses only. This product has not been tested in pregnant or lactating mares. This product is not intended for human consumption. Use only as directed.

\*This statement has not been evaluated by the food and drug administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

### 4. Storage Conditions & Shelf Life

For maximum freshness, stores sealed in a cool, dry environment. Utilize product within two years from the date of manufacture for optimal quality and performance.
