Because they're family.

Tenda Horse Products has been serving the performance horse industry for over 45 years with the primary goal of developing and manufacturing exceptional products to promote and improve the overall health, soundness, performance and well-being of equine athletes.

The use of top-grade, raw ingredients and steadfast attention to detail during the manufacturing process ensure the highest quality and consistency are achieved with all products that leave our Ohio facility.

Today our products are used at veterinary hospitals, arenas, racetracks, show rings, training facilities and backyard barns across the country and around the world. All disciplines and breeds benefit from the use of Tenda products.

Nutritional Supplements

Tenda all-natural equine performance formulas offer the proper balance of vitamins, minerals, and herbs to help your horse perform at its very best. Each product is made with premium raw ingredients, and steadfast attention to detail to ensure quality and consistency.

B-N-M Paste™

Formerly called Bleed-No-More™, B-N-M Paste is a natural source of energy for the equine athlete. Triple-strength formula is suitable for all high performance horses. It is popular with both standardbreds and thoroughbreds in the United States and the rest of the world. B-N-M Paste is compatible with most medications. Suitable for all classes of horses.
